## Welcome To Transformations

Dear Client

We would like to take this opportunity to thank you for coming and hope you enjoy the services you are about to receive.

Students and staff will endeavour to make your treatments as professional as possible but please appreciate that the students are undergoing training, this is reflected in the discounted price. This will mean students may be slower, so extra time must be allowed if students are to complete their services successfully without feeling that they are under pressure.

Staff will monitor and support during their treatments, but cannot be with each individual student at all times.

If clients are unhappy with the service they receive or the student carrying out the service, we would appreciate if you would discreetly inform the member of staff in charge. This will ensure that the problem is addressed and valuable feedback can be given to the student to support their training programme.

Thank You

Transformations
