Animal Care and Land-based Industries

Level 2 - Technical Certificate in Animal Care

Campus: Dearne Valley College
Code: D10SP10

About This Course

This course focuses on the major principles and practices of animal care and welfare and offers a fantastic foundation for anyone looking to build a rewarding career working with animals. It provides essential hands-on experience and fundamental knowledge in core areas such as animal welfare, feeding, accommodation, safe handling, and basic biology. This practical skillset not only boosts your confidence and competence but also significantly enhances your employability for roles in veterinary practices, boarding kennels, animal rescue centers, and pet shops. Furthermore, it serves as an excellent stepping stone for further education, seamlessly bridging the gap to level 3 courses or specialized training like veterinary nursing.

What Will I Study?

You could study a range of topics, including:

- Maintain Animal Health and Welfare
- Undertake Practical Animal Feeding
- Maintain Animal Accommodation
- The Principles and Practices of Animal Behaviour and Handling

Why Study Here?

During your studies, you will be able to make full use of the College’s working animal collection Employability skills, with excellent links with employers in industry

Entry Requirements

4 GCSEs at Grade 3 or above to include English and Maths or a Level 1 Vocational Qualification plus English and Maths at Functional Skills Level 1

How To Apply

You can apply using our online application form and clicking the **Apply Now** button at the top of this page.
