Construction

Award in Retrofit

Campus: Rotherham College
Code: R07AC05
Level: 2

About This Course

This qualification is aimed at learners aged 16 and above who have recently entered into the construction industry.

This qualification is also suitable for tradespeople who desire to develop or improve their knowledge of retrofit in the construction industry.

It is also for those without retrofit experience (electricians, joiners, plumbers, plasterers, bricklayers etc) who may wish to work in the related field of retrofit professional roles.

What Will I Study?

Learners will be introduced to the scope and opportunities offered within the construction industry for those working on retrofit.

- Understand safe working practices for the retrofit industry
- Understand the benefits of *PAS 2035 when working in the retrofit industry
- Understand the impact of *PAS 2035 in the retrofit industry

*PAS 2035 is using energy efficiency measures such as the addition of insulation and better windows to reduce the heating demand first, followed by low carbon heating and renewable technology while investigating further into energy efficiency.

Why Study Here?

Enthusiastic staff with a wealth of industry experience,
as well as specialist construction workshops.
